INTRODUCTION: Please mark an X in front of the answer (statement) that best describes your view on how your family has responded to and has generally functioned within the last four weeks. When we refer to your family we are referring to your immediate family (nuclear family) as well as your extended family.

DEFINITION OF A FAMILY: Family is a group of individuals who are bound by strong emotional ties, a sense of belonging to each other, and a passion for being involved in one another’s lives (Wright and Bell, 2009).

Please be aware of that there is no one answer (response) correct.
