Ice Family Perceived Support Questionnaire (ICE-FPSQ)

© Erla Kolbrun Svavarsdottir & Eydis Kristin Sveinbjarnardottir, 2011

A questionnaire for patients and their families regarding their perception of support from nurses

INTRODUCTION: Please mark an X in front of the answer (statement) that best describes your view on or experience of your relationship with nurses on…units/divisions or health care institutions (e.g., the nurses on the pediatric unit at Landspitali University Hospital have…). When we refer to your family we are referring to your immediate family (nuclear family) as well as your extended family.

DEFINITION OF A FAMILY: Family is a group of individuals who are bound by strong emotional ties, a sense of belonging to each other, and a passion for being involved in one another’s lives (Wright and Bell, 2009).

Please be aware of that there is no one answer (response) correct.

Cognitive

The nurses on the … unit/division or health care institution have …

1. … offered us information and their professional opinion.
   - [ ] Almost always
   - [ ] Usually
   - [ ] Sometimes
   - [ ] Rarely
   - [ ] Almost never
